Status: Approved

IDECC Expiration:

CAP Expiration:

Approval - Expiration: 1/16/2026 - 1/16/2028

Thank you for your submission of the education class listed above for initial approval. At our recent meeting, the Arkansas Board approved the class for a period of two years, provided no substantive course content changes are made. Please advise the Board's staff as soon as possible if the course undergoes significant content modification or an instructor change.

Approval may be extended one time for an additional two years, without an application fee, by submitting an Education Course Application and supporting documentation to sarah.johnson@arkansas.gov. Failure to timely request an extension prior to the expiration date will result in automatic termination of the educational offering's approval status.

Consistent with this approval is your authority to advertise that these courses and instructors are approved by the Arkansas Appraiser Licensing and Certification Board.

Sincerely,

A handwritten signature in black ink that reads "Sarah Johnson".

Sarah Johnson
Fiscal Support Coordinator
